ANAND PUBLIC SCHOOL

Dear Parents,

Summer Vacation offers a refreshing break for children - a chance to relax, explore, and rejuvenate. More than just a pause from school work, it's a precious time to nurture bonds, foster creativity and plant the seeds of values and memories that last a lifetime.

Children may not remember every toy they receive, but they will always carry the warmth of stories told, meals shared and moments spent with their loved ones. Let's use this opportunity to guide, support and connect with them in ways that matter most.

Below are few suggestions:-

1. All homework must be written clearly and neatly.

2. Assignments should be completed independently by the students. Parental support is encouraged, but the effort should reflect the child's own capabilities.

3. Try conversing in English to help them be comfortable with the language.

4. Ensure that all work is completed within the given time frame.

5. Holidays homework will be assessed and carry weight in evaluations across all subjects.

6. Children are likely to follow their routine if we give them Positive instructions and lots of praise/appreciation for what they do right.

7. Science week is celebrated in the month of July to enhance the scientific attitude.

8. Encourage daily reading. Cultivating a reading habit is key to lifelong learning.
